

HOW TO FOLD A CLOTH DIAPER

The Tri-fold:

Lay diaper flat

Fold both sides in

Turn folded diaper over and place in cover. Make sure the back and sides of diaper are pressed under the elastic of the cover.

Place baby on diaper, bring the front of the diaper up and fold over the top portion of the diaper to fit baby.

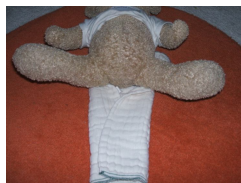

Lift the cover up over the diaper and fasten the Velcro closures.

The Classic Fold:

Place baby on flat diaper

Fold sides of bottom portion in thirds

Bring bottom of diaper up.

Bring each side of the back of the diaper up and fasten with snappi

Pull the center "claw" down tightly and secure to diaper

Put cover on over diaper, folding down top portion if necessary

The Bikini Twist:

Lay diaper in cover

Place baby on diaper

Crossing arms hold
corners of diaper

Uncross arms and bring
front of diaper up, forming
a crossed center portion

Fasten sides securely with
a snappi, if desired

Secure cover over
diaper

◆ Always make sure all of the diaper is inside the cover. Any overflow will cause leaking.
